

AUTUMN ART

bitter cold
relentless rain
half naked maples shivering again

the leaves are doing all the work
Van Gogh lawns
Monet sidewalks
Picasso traffic jams

it's an effort finding beauty here
city noise curating a show that will only last a few weeks
then it's the winter show
grey sky pallet
confused snow birds
hungry crows

art and survival
despite the unforgiving elements

stay warm
stay dry
artists laugh
artists cry
one more art show
one more try
